

I am an avid listener and a contributor of funds to K-Love Radio. I live in Dayton, Ohio while they are located in California. Finding that station here in the Dayton, Ohio area was truly a blessing to my life. I truly enjoy it and listen every day. Although I only make \$32,000 as a family income, I contribute \$40 a month because I truly love music and there's very, very little Christian radio available in my area. Allowing K-Love to remain broadcasting as it is... commercial free and across the country allows others to choose good radio. Christian Radio plays wholesome music that doesn't have to be censored or worried about. Please allow it to stay as it is. It is in the public's best interest. Thank You.
